GENERAL CAMPUS INFORMATION

Mission Statement
West Coast Ultrasound Institute’s mission is to provide our students with a solid foundation in their field of study. We are dedicated to giving these students a well-balanced curriculum, which includes classroom instruction, clinical/laboratory training, and supervised clinical experience. Students are taught in a supportive educational environment by a highly qualified staff of professionals. We aim to produce superior graduates with the knowledge and confidence necessary to succeed both professionally and financially. Our goal is to make West Coast Ultrasound Institute (WCUI) the preferred source of education in the community for each of our specified fields of study.

History of West Coast Ultrasound Institute
In April of 1998 West Coast Ultrasound Institute (WCUI) was founded by a board certified radiologist and an experienced BSN who was registered in diagnostic medical sonography and cardiac sonography. The founders recognized a void in the healthcare education field of radiological imaging. They realized the importance of starting a school that provided excellent clinical site rotations, didactic training taught by experienced professionals from the community and a low-cost onsite clinic for hands-on training. With new curriculum in Diagnostic Medical Imaging, Cardiovascular Sonography, Magnetic Resonance Imaging, and Vocational Nursing, the school started to expand their health science specialties. For example, WCUI has the only Pediatric Cardiac Ultrasound Congenital Heart Disease program in the nation. “My Child, My Heart” is the accompanying free screening laboratory to evaluate children’s hearts for any congenital anomalies. The range of educational experiences at WCUI includes both didactic instruction as well as true hands-on clinical experience. Furthermore, all students are given a clinical externship at a hospital or imaging center during their course of study.

In November of 2001, WCUI was accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC). In April of 2002, WCUI was approved by the Department of Education to participate in the offering of financial aid. WCUI has continually adapted its existing programs to meet the changing needs of the healthcare industry. WCUI imaging, Medical Assistant, Pediatric Cardiac Ultrasound and Congenital Heart and Vocational Nursing programs were first offered as diploma programs. The Vocational Nursing program is offered in the California schools.

In April of 2006, WCUI opened a satellite campus in Ontario, California offering training in Diagnostic Medical Sonography, Cardiovascular Sonography, Pediatric Cardiac Ultrasound and Congenital Heart Disease, Magnetic Resonance Imaging and Vocational Nursing. In July of 2009, WCUI opened a branch campus in Phoenix Arizona. The school was approved to teach the following programs; Diagnostic Medical Imaging, Cardiovascular Sonography, Pediatric Cardiac Ultrasound and Congenital Heart Disease, and Magnetic Resonance Imaging.

In 2010 WCUI’s California Schools received approval for Associate of Occupational Science degrees in Diagnostic Medical Sonography, Cardiovascular Sonography, and Magnetic Resonance Imaging. In 2011 the Phoenix school was approved to offer these programs.

In July of 2014 Ontario Satellite Campus was accredited as a Branch Campus.

In August of 2014 all the campuses were approved to offer a Bachelor of Science Degree in Diagnostic Cardiovascular Sonography.

In March 2015 the Beverly Hills school’s Pediatric Cardiac Ultrasound and Congenital Heart Disease program modification was approved.

On June 5, 2015 the schools were approved to discontinue the Diagnostic Cardiovascular Sonography, Diagnostic Medical Sonography and the Medical Assistant diploma programs.
In 2015 the schools were approved to offer a Bachelor of Science Degree program in Diagnostic Medical Imaging. Additionally, the schools applied for program modifications for the Associate of Occupational Science programs; on June 25, 2015 the Magnetic Resonance Imaging program was accredited to offer an Academic of Applied Science Degree.

Purpose and Philosophy Statement
WCUI believes that the rewards of education are both valuable and enduring. WCUI’s main purpose is to allow each student to reap the rewards of their education by achieving their highest potential in the rapidly growing healthcare industry.

At WCUI, our motto is Knowledge Builds Careers.

WCUI has designed specialized programs for all qualified students. These programs develop the students’ knowledge base and cultivate their skills while enabling them to meet the requirements of their particular fields. This allows our students to enter the healthcare job market with confidence. Students who successfully complete the programs offered at WCUI can rely on a solid foundation of theoretical and practical knowledge when they enter the medical field. Students are trained for entry-level positions in their respective healthcare fields.

Accreditation and Licensure
WCUI is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC). It’s approved by the United States Department of Education and the State Approving Agency for Veteran’s Educational Benefits. The Magnetic Resonance Imaging Long Program and the Associate of Occupational Science in Magnetic Resonance Imaging Program are programmatically accredited by the American Registry of Magnetic Resonance Imaging Technologists (ARMRIT). The Vocational Nursing Program is approved by the Bureau of Vocational Nursing and Psychiatric Technicians (BVNPT).

Statement of School Licensure (BPPE)
WCUI is licensed to operate by the Bureau for Private Postsecondary Education (BPPE). Licensed to operate by the BPPE does not mean that WCUI or its educational programs are endorsed or recommended by the State of California or the BPPE. Additionally, Licensed to operate does not indicate that WCUI exceeds the minimum state standards to operate as an educational institution in the State of California.

Program Licensure Statement (BPPE)
The Vocational Nursing Program requires licensure upon program completion to secure employment as a Licensed Vocational Nurse. To be licensed by the Board of Registered Nursing in the State of California, all applicants must provide the following: appropriate fees, a completed application for licensure, completed fingerprints, a recent 2”x2” passport type photograph and a Request for Transcript form(s) completed and forwarded directly from the nursing school with certified transcripts.

Qualification Registry/Licensure Requirements
All students are encouraged to research the registries for their specific qualifications; the following is a list of registries and their web sites:
- American Registry of Diagnostic Medical Sonography, ARDMS.org
- Cardiac Credentialing International, CCI.org
- American Registry of Magnetic Resonance Imaging Technologists, ARMRIT.org
- Bureau of Vocational Nursing and Psychiatric Technicians, BVNPT.org
Additional information is available in the Student Handbook.

**Notice of Disclaimer**
West Coast Ultrasound Institute reserves the right to amend, add or delete classes, programs or policies, and/or facilities without prior notice. WCUI also reserves the right to cancel classes due to an insufficient number of students. Catalogs of this school are prepared for the purpose of furnishing prospective students and other interested persons with information about the school. WCUI will provide a twelve (12) week notification of tuition increases. Students may request a catalog and enrollment agreement for the purpose of having them translated into their native language at their own expense.

**Statement of Non-Discrimination**
West Coast Ultrasound Institution does not deny or grant admission or discriminate against applicants on the basis of race, creed, color, gender, sexual orientation, national origin, disability, or any other classification protected by state or federal laws.

**Catalog Reviewing Statement (BPPE)**
Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to:

Bureau for Private Postsecondary Education  
P.O. Box 980818  
West Sacramento, CA 95798-0818  
www.bppe.ca.gov  
P: 888.370.7589, F: 916.263.1897

As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling 888.370.7589 or by completing a complaint form, which can be obtained on the bureau’s Internet Web site www.bppe.ca.gov.

**Bankruptcy Statement (BPPE)**
West Coast Ultrasound Institute or its parent corporation have not filed for or been involved in any bankruptcy proceedings. West Coast Ultrasound Institute does not have a pending petition in bankruptcy, is not operating as a debtor in possession, and has not filed a petition within the preceding five years, or has a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec. 1101 et seq.).

**Campus Locations (BPPE)**
**Beverly Hills – Main Campus**  
291 S. La Cienega Blvd., Suite 500  
Beverly Hills, CA 90211  
Telephone (310) 289-5123  
Campus Director: Myra Chason
The school is located in a five story office building containing the classrooms, labs, student and faculty lounges, a Learning Resource Center and administrative departments.

**Ontario – Branch Campus**
3700 E. Inland Empire Blvd., Suite 235
Ontario, CA 91764
Telephone (909) 483-3808
Campus Director: Dr. Emad Mishriki

The school encompasses 23,545 square feet which includes classrooms, labs, student and faculty lounges, a Learning Resource Center and administrative offices. The building has 190 public parking spaces and is handicap accessible.

**Phoenix – Branch Campus**
4250 E. Camelback Road, Suite K-190
Phoenix, Arizona 85018
Telephone (602) 954-3834
Campus Director: George Fitzpatrick

The Campus is located in a medical park directly across from a mall and restaurants. The school encompasses 15,495 square feet which includes classrooms, labs, student and faculty lounges, a Learning Resource Center and administrative offices. The building has 1000 parking spaces. WCUI occupies suites on the 1st and 2nd floors of Building K. Elevators and stairs are available. The building is handicap accessible.

A board-certified radiologist operates the low cost medical ultrasound clinic that is located on the same premises as the schools in Beverly Hills, Ontario and Phoenix. As a service to the community, these clinics have contracted with several free medical clinics to provide low cost, high quality exams. The clinics also provide valuable hands-on experience for WCUI students. WCUI uses medical equipment equivalent in quality to that which can be found in a typical hospital or imaging center.

**Equipment**
The following list is a sample of the equipment used in our programs:

- (4) HDI 5000
- (1) Biosound with Divo
- (2) Sonosite Machines (portable)
- (2) Phillips HD7
- (1) Phillips 4500
- (1) Sonosite-3D machine
- (7) Acuson 128 XP
- (3) Sequoia 112
- (2) GE Logiq7 with 3D capabilities
- (18) Patient Examination Tables
- (18) Black and White Monitors
- (30) MR Computers with Virtual MRI e-film studies
- (3) Television Sets w/ DVD & VCR
- (2) Phlebotomy arm equipment packages
- (2) Blood differentials/2 centrifuges
- (3) Radiological View Boxes
(1) Learning Resource Center with library and internet access points, ProQuest Allied Health and Nursing, and MyiLibrary
(2) High Powered Optical Microscopes
(3) Nursing Instructional mannequin
(2) Endovaginal Phantoms
(2) Breast/testes Phantoms
(1) SmartBoard Classroom

Student Record Retention Policy
WCUI will retain student records for a period of five (5) years following the student’s completion withdrawal from the program in which they were enrolled. Academic transcripts will be held in perpetuity.

English as a Second Language
West Coast Ultrasound Institute does not provide English as a Second Language instruction.

Notice Concerning Transferability of Credits and Credentials Earned at our Institution (BPPE)
The transferability of credits you earn at West Coast Ultrasound Institute is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree or diploma you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits, degree or diploma that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending West Coast Ultrasound Institute to determine if your credits, degree or diploma will transfer.

Students should assume that credits earned at WCUI are not transferable to other institutions.

Academic Clock Hour to Credit Hour Conversion
The school uses the Quarter Credit Hour System.
The following ratios apply to all programs offered at WCUI when determining the clock hour/credit hour conversion:

One (1) quarter credit hour equals fifteen (15) hours of instruction in lecture
One (1) quarter credit hour equals twenty (20) hours of instruction in clinical/laboratory
One (1) quarter credit hour equals thirty (30) hours of externship

A clock hour is a period of sixty (60) minutes with a minimum of fifty (50) minutes of instruction. For the purposes of determining Title IV eligibility for financial aid students, the clock hour to credit hour conversion rate formulas will be one (1) quarter credit hour for every twenty five (25) hours of lecture, clinical/laboratory or externship.

Maximum Student to Instructor Classroom Ratios

<table>

Magnetic Resonance Imaging (Diploma & AAS) 35 to 1 7 to 1
Vocational Nursing 30 to 1 15 to 1

**Hours of Operation**
Monday through Friday: 8:00 am – 10:30 pm
Saturday and Sunday: 8:00 am – 6:00 pm

**School Holidays**
New Year’s Day  Memorial Day  Veterans Day  Christmas Day
Martin Luther King Jr. Day  Independence Day  Thanksgiving Day
Easter  Labor Day  Day after Thanksgiving

**Educational Delivery Method**
The delivery method at WCUI is residential only; externships are in medical facilities off campus.

**CAMPUS ADMISSIONS REQUIREMENTS**

**Entrance Requirements for Domestic and International Students**
Applicants enrolling in the programs offered by West Coast Ultrasound Institute must show proof of having graduated from high school or the equivalent. The following are some examples:

- High school diploma or high school transcript;
- General Education Diploma (GED); or
- Translated and evaluated foreign secondary diploma.

A background check is required before admission into a program and prior to entering externship or clinicals.

Applicants must also successfully pass the Wonderlic Scholastic Level Exam published by Wonderlic, Inc. WCUI does not admit Ability to Benefit students.

Wonderlic exam passing scores for each program are as follows:
All diploma programs (with the exception of VN)  18
All Academic Associate of Science programs 18

Bachelor degree applicants must successfully pass the Wonderlic Basic Skills Test published by Wonderlic
Passing Score: 325 Verbal and 275 Quantitative

**Vocational Nursing Entrance Requirements**
- An applicant must be at least 17 years of age.
• High school diploma or transcripts from an accredited high school or an approved and accredited GED certificate.
• A Foreign transcript or credentials that are approved as high school graduate equivalency by an evaluation agency approved by the National Association of Credential Evaluation Services (NACES).
• Pass the English, Reading and Writing, and Basic Math portions of the ASSET examination with a minimum cumulative test score of 60.
• Write a 500 word essay on “Why I Want to be a Nurse”.
• Interview with the Nursing Program Director, Assistant Director, or Campus Director.
• Applicants who are accepted into the Vocational Nursing program and request credits for prior nursing education courses; including certified nursing assistant, must submit official transcripts within the application deadline. NOTE: Any prior nursing education must be within the last five years for credit granting.
• A background check is required before admission.

Pediatric Cardiac Ultrasound and Congenital Heart Disease Entrance Requirements
• Completed an approved Adult Cardiac Ultrasound program or be RDCS or RCS registered.
• Interview with the Program Director or the Assistant Program Director.
• Pass the Wonderlic exam.
• A background check is required before admission.

Vaccination Policy
There are no vaccination requirements for admission.
Prior to entering externship or nursing clinicals, students must provide proof of current immunizations. Students are responsible for the cost of immunizations.

Health Insurance Policy
Students are required to provide proof of health insurance prior to the start of their externship. If the student does not provide proof of health insurance, they will be required to sign a waiver.

Admissions Procedures
The following procedures are established for admissions to West Coast Ultrasound Institute.

To apply to the school, the student must tour the facility and interview with an Admissions Representative. Information will include disclosures of completion, placement rates, tuition payment plans, and the applicant’s professional educational goals.

All applicants must:
• Complete an Enrollment Application.
• Include a $100.00 non-refundable application fee (U.S. Dollars);
• Submit a copy of a picture ID (driver’s license or an identification card);
• Complete a background check;
• Provide proof of high school graduation from a school recognized and approved by the US Department of Education or GED (as stated above);
• Pass the entrance examination (see scores);
• Complete a Personal Statement; and
• Complete a Personal Interview;
Acceptance into WCUI is conditional upon meeting all deadlines to complete funding paperwork.

If enrollments exceed class availability, files will be reviewed by the Campus Director and notification of acceptance or denial will be mailed at least 2 weeks prior to a student’s scheduled start date.

**Transfer and Credit Granting Policies (BPPE)**
This institution accepts prior completed coursework for transfer credit into the AOS Degree and non-degree programs. WCUI requires 75% of program credit hours to be completed at the school. This institution does not award credit for prior experiential learning.

Students who wish to seek approval of transfer credits from another accredited postsecondary school must do so at the time of application for enrollment. For potential transfer of credit, West Coast Ultrasound Institute will only consider courses successfully completed at a postsecondary school accredited by an agency recognized by the U.S.D.O.E. To receive transfer credit, students must have successfully completed courses similar in scope and content to West Coast Ultrasound Institute courses. Requests for transfer of credit must occur before the start of the program.

The right to receive transfer of credit for a course is only granted for successful completion of prior education in subjects with an earned grade of “C” or better. Transfer of credit is normally limited to the applied general education coursework within our AOS Degree Programs. On a case by case basis, transfer credit will be evaluated for other portions of the AOS Degree Programs; however, additional scrutiny in evaluating the content compatibility will apply.

The process for evaluating transfer credit is as follows: Students must submit a legible official transcript(s) showing the course(s) for which the student wishes credit. The transcript is evaluated by comparing the course description/syllabus against the applicable WCUI course syllabus. If WCUI determines that the course(s) is identical or adequately similar and the student received not less than a “C” grade or its equivalent, then transfer credit will be granted. If the credit is approved for transfer, the tuition and program hours are reduced accordingly.

Graduates of foreign institutions of higher education must have their educational records translated and evaluated for U.S. equivalency by an agency officially recognized to perform educational translation services.

West Coast Ultrasound Institute does not maintain articulation agreements for the transfer of credit with any other college or university.

**International Students**
International students must also complete or provide the following in order to receive the I-20mn form to apply for an M-1 (diploma programs) or F-1 (degree programs) student visa:

- A Confidential Statement of Finances; (An official letter or bank statement must be submitted certifying that there are enough funds available for payment of tuition and living expenses);
- Payment of the first quarter’s tuition in advance;
- A copy of their passport;
- A copy of the I-94 card; and
- Take a TOEFL IBT test used to measure English skills and pass with a score of 62 or higher.
This school is authorized under Federal law to enroll nonimmigrant alien students.

**International Student Language Proficiency Statement (BPPE)**

All coursework at West Coast Ultrasound Institute is taught in English. West Coast Ultrasound Institute does not offer English language services and instruction.

**International Student VISA Statement (BPPE)**

West Coast Ultrasound Institute does not provide Visa services to International Students other than issuing an I-20. However, the school will verify the student’s enrollment status and any changes in enrollment status during the course of their enrollment with the school.

---

**CAMPUS CHARGES AND FEES**

The schedule of tuition and fees effective September 2015, is listed below.

- Coursework repeated for credit is charged at current tuition rate.
- Tuition is paid quarterly.
- Application Fee is non-refundable.
- WCUI reserves the right to change tuition with advanced notice of one quarter.

A $25.00 late fee will be assessed for a tuition payment not received within fifteen (15) days of the scheduled due date. Additionally, a charge will be applied for checks declined for Non-Sufficient Funds.

Supplies $225.00
Books $1140.00
Total Tuition & Fees $28,165.00**

**Computer cost ($650.00) is not included in tuition and fees.

Cancellation Policy (BPPE)
STUDENT’S RIGHT TO CANCEL
A student has the right to cancel the enrollment agreement and obtain a refund paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. If a student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. To cancel this enrollment agreement and/or terminate the course of study, the student must mail or deliver a signed and dated copy of the Cancellation Notice (available in the Registrar’s office), or mail, or deliver another written notice, or send a telegram. If it is mailed, it is deemed effective when it is deposited in the mail properly with prepaid postage paid. The enrollment agreement may be terminated by the college for unsatisfactory academic progress, poor attendance, use of controlled substances on campus, conduct detrimental to the college, failure to comply with financial aid regulations or non-observance of other student regulations. If dismissed, you may appeal to the Appeals Committee. A final decision will be made according to school policy. More information is available in the College’s Catalog.

Rejection: If you are not accepted into the college, the enrollment agreement will be cancelled, and we will refund all monies within forty five (45) days.

Three Day Cancellation Policy:
All monies paid by an applicant must be refunded if requested within three (3) days after signing an enrollment agreement and making an initial payment. A refund will be issued after forty-five (45) days of the cancellation date. An applicant requesting cancellation more than three (3) days after signing an enrollment and making an initial payment, but prior to entering the college, is entitled to a refund of all monies paid, minus the $100.00 application fee.

Seven Day Cancellation Policy:
A student who has been in attendance may cancel, without penalty, on or before the seventh (7th) day following the first day of regularly scheduled instruction. The student will receive a complete tuition refund excluding the $100.00 application fee within forty-five (45) days of the cancellation date. Any student who decides to drop after the seventh (7th) day following the first (1st) day of regularly scheduled instruction will be considered a withdrawn student and refund calculations will be performed as detailed below.

Withdrawing After Classes Have Started:
A student has the right to withdraw from the College at anytime. A refund will be based on the Institution’s Refund Policy. West Coast Ultrasound Institute complies with state and federal refund policies. You may terminate our enrollment
by giving written notice to the College. Notice is effective as of the date of the postmark, if properly addressed with proper postage. Written notice need not take any particular form.

Canceling by phone, by verbal means, or by way of not attending classes will not be considered a cancellation; these actions will be considered a withdrawal and withdrawal procedures will apply. To cancel the contract and/or terminate from the course of study, the student must mail or deliver a signed and dated copy of the Cancellation Notice (available from the Office of the Registrar), or mail or deliver another written notice. If it is mailed, it is deemed effective when it is deposited in the mail properly addressed with prepaid postage to:

WEST COAST ULTRASOUND INSTITUTE
Main Campus
ATTN: REGISTRAR
291 South La Cienega Blvd.,
Ste. 500
Beverly Hills, CA 90211
(310) 289-5123

WEST COAST ULTRASOUND INSTITUTE
Ontario Branch Campus
ATTN: REGISTRAR
3700 East Inland Empire Blvd.,
Suite 235
Ontario, CA 91764
(909) 483-3808

Refund Policy
For purposes of determining a refund, a student shall be deemed to have withdrawn from West Coast Ultrasound Institute when any of the following occurs: the student petitions to cancel a Student Enrollment Agreement by submitting a written notice of withdrawal, the student fails to attend classes for a period of 14 consecutive days, or the Institution terminates the enrollment agreement for non-compliance of West Coast Ultrasound Institute’s school policies.

A student who has been in attendance may cancel, without penalty, on or before the seventh day following the first day of regularly scheduled instruction. The student will receive a complete tuition refund excluding the non-refundable $100.00 application fee within forty five (45) days of cancellation. If the student has been given textbooks, equipment, and supplies and returns them in the condition received to the school within 30 days of the last day the student physically attended class, the student will receive a full refund for the purchase price of the textbooks, equipment and supplies. Any student who decides to drop after the seventh day following the first day of regularly scheduled instruction will be considered a withdrawn student and refund calculations will be performed as described below.

No refund will be due after 60% of instruction, per quarter, has been completed by the student. A student refund will be calculated as follows:

• The application fee of $100.00 is subtracted from the student’s total tuition charge for the quarter.
• This figure is divided by the number of scheduled days of instruction for the quarter.
• The quotient is the daily charge for the quarter.
• The amount the student owes for the quarter for the purposes of calculating a refund is derived by multiplying the total days attended or scheduled to attend for the quarter by the daily charge for instruction for the quarter.
• The student refund would be any amount in excess of the figure derived in subparagraph (d) that was paid by the student.

Hypothetical Example:
$6420.00 (Tuition & Fees charged and paid) divided by 80 (days of instruction) = $80.20 (per day of instruction)
30 (days attended) X $80.20 (per day of instruction) = $2406.00 (adjusted Tuition Charge)
$6420.00 (Tuition paid) - $2406.00 (Adjusted Tuition Charge) = $4014.00 (Tuition Refund)

If any portion of the tuition was paid from the proceeds of a student financial aid loan, the refund shall be sent to the lender or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received. Furthermore, any remaining amount shall be sent to the above named party, if any, up to but not exceeding the amount stated above.

If a student fails to adhere to West Coast Ultrasound Institute's rules and regulations and West Coast Ultrasound Institute terminates this agreement, West Coast Ultrasound Institute shall remit to the student a prorated tuition refund (if applicable) with such calculation based upon the last date of the student's attendance.

**Refund of Title IV**
Up through the 60% point of the payment period, a prorated schedule will be used to determine the amount of Title IV funds the student has earned through his or her last day of attendance. After the 60% point in the payment period, the Institute will earn 100% of Title IV funds dispersed for the payment period.

**Refund Distribution Order**
A school must return Title IV funds to the programs from which the student received aid during the payment period or period of enrollment, as applicable, in the following order up to the net amount disbursed from each source:

- Unsubsidized Federal Stafford Loans
- Subsidized Federal Stafford Loans
- Federal Pell Grants for the payment period for which a return of funds is required
- Other assistance under this Title for which a return of funds is required

**FINANCIAL AID**

**Financial Aid Statement (BPPE)**
This institution participates in the Federal Title IV Programs. A student, who obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and if the student receives federal student financial aid, the student is entitled to a refund of the money not paid from federal financial aid funds.

Detailed information and financial aid advising are available to all applicants at the Financial Aid office. During the Financial Aid application process, the United States Department of Education randomly selects Financial Aid applications for the institution to verify. If selected, the applicant must supply
documentation to verify income, assets, and household size as listed on the applicant’s Free Application for Federal Student Aid (FAFSA). Applicants will be directed by the Institution to submit income documents, complete additional verification worksheets, and any other documentation needed to verify information provided on their FAFSA.

To qualify for financial aid programs, Federal and State regulations indicate that the student must:

- Apply for financial aid using the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov;
- Be a United States citizen, national, or eligible non-citizen;
- Maintain Satisfactory Academic Progress;
- Demonstrate a financial need;
- Be registered with selective service, if required; and
- Not be in default on any educational loan and not owe a refund on an educational grant.

Financial Aid consists of grants and loans provided by the federal government to those who can demonstrate need. Each type of aid has specific eligibility requirements. Qualifying students may be eligible for more than one type of aid. However, it is important to know that financial aid does not usually cover all tuition costs. By filling out the Free Application for Federal Student Aid (FAFSA), students will be considered for the following financial aid programs:

**Cal-Grants**

West Coast Ultrasound Institute participates in the Cal-Grant A, B and C programs administered by the California Student Aid Commission. Please see the Financial Aid Department for more information regarding the Cal-Grant programs.

**Veterans Benefits**

Students who wish to receive Veterans benefits must contact the Veteran Administration office to determine their eligibility. West Coast Ultrasound Institute will provide assistance with the completion of all the necessary documents.

Students should read these requirements carefully, and any questions or concerns should be directed to the West Coast Ultrasound Institute Veterans Administrator.

The Department of Veterans Affairs has certain policies regarding attendance and progress standards. These policies are outlined in Veterans Administration Regulations sections 21.4135, 21.4253, 21.4277,
and Department of Veterans Benefits Circular 20-75-54, dated 30 May 1975. The policies concerning a school’s liability for overpayments and standards of attendance and progress are also addressed. Students/veterans/reservists/dependents receiving educational benefits must meet these attendance and progress standards so that they may be certified for the collection of VA educational benefits. They have the responsibility to adhere to the standards of attendance and processes outlined in this Veterans Bulletin.

The Department of Veterans Affairs requires that all students receiving VA benefits must work toward a specific educational objective. At WCUI this objective can be a Diploma or a Degree Program. In either case, it is a requirement that all classes benefits recipients are enrolled in must be part of the graduation requirements for their major. This is the recipient’s responsibility. The Veterans Office will check to ensure that all veterans/reservists/dependents are enrolled in only those courses applicable to the declared major. If any of the classes they are enrolled in do not apply to the major, the Department of Veterans Affairs will be notified of the reduction in training time. Benefits Recipients should be very careful that all of their classes are required for their major, and when in doubt should consult an advisor.

Any VA benefit recipient who has accumulated thirty (30) or more units and wishes to continue receiving VA benefits at WCUI is required to have a Diploma or a Degree evaluation completed by the Admissions Office. Students will only be paid VA benefits for those courses needed to achieve their educational objective as stated on the evaluation. If at the time of registration students have over 30 units but do not have an evaluation, it is their responsibility to ensure that all of the classes they are enrolled in are required for graduation. If any of the classes they are enrolled in do not meet the requirements of their major, the Department of Veterans Affairs will be notified of a drop in training time effective the first day of classes. This reduction in units will result in an overpayment with the VA.

If a new student has attended other colleges/universities, they must provide WCUI with official copies of all transcripts from those schools immediately. NOTE: If they have thirty (30) or more units from previous coursework (including WCUI), the school MUST have transcripts on file and have them evaluated BEFORE students can be certified for benefits. Payment of VA educational benefits may be suspended until WCUI is able to notify the VA of how much previous credit WCUI is granting the student based on the information supplied in the transcripts.

VA benefits payments are based on required attendance in classes. A student is expected to attend all sessions of the classes in which he/she is registered. It is the student’s responsibility to contact instructors regarding any absences and provide valid documentation when necessary.

An overpayment will occur as a result of students’ termination of enrollment or reduction of units, and they will be liable for the overpayment. Should a student receive an overpayment in the form of a VA check, it is their responsibility to contact the Veterans Office at WCUI for procedures on returning the amount of overpayment to the Department of Veterans Affairs. The Veterans Office will notify the VA of any status changes per institution’s registrar/computer system, which will reflect the official dates for drops and adds. If at the end of the quarter a student has received a “W” or “F” as a grade, WCUI will use the instructor’s roster to determine the last date of attendance. If a student received a mid-term grade of “W” or “F”, they may be dropped at mid-term. If there is no mid-term grade, the student may be dropped at the commencement of the quarter. Failure to process a student’s drop can result in overpayments.
Veterans Benefits Academic Probation
If a student’s transcript contains 12 or more credit units and the student’s Cumulative Grade Point Average (not quarter GPA) is below 2.0, they will be placed on academic probation. A student will be removed from academic probation when his or her GPA is 2.0 or higher.

Veterans Benefits Progress Probation
If a student’s transcript contains 12 or more (diploma programs)/15 or more (degree programs) credit units and the student has received “W” (Withdrawal), “I” (Incomplete), “NC” (No-Credit) in at least 50% of his or her total transcript units they will be placed on Veterans Benefits Progress Probation.

Unsatisfactory Progress with the Veterans Administration
A student will be placed on Unsatisfactory Progress and the Department of Veterans Affairs will be notified when the student’s cumulative GPA (not quarter GPA) is below 2.0 for three consecutive quarters or the student has been on Progress Probation for three consecutive quarters. The law requires that VA educational benefits extended to veterans and other eligible persons are discontinued when the student ceases to make satisfactory progress toward the completion of his or her educational objective. Benefits may be resumed if the student reenrolls in the same educational institution and same program(s). In other cases, benefits cannot be resumed, unless the VA finds that the cause of the unsatisfactory progress has been removed and the program of education being pursued is suitable.

Veterans Benefits Disqualification

Academic Disqualification
A student qualifies for academic disqualification when his or her cumulative and semester grade point averages are below 2.0 in each of three consecutive quarters. Students placed on Academic Disqualification are subject to dismissal from the Institute.

Progress Disqualification
After one quarter of academic probation, students are placed on Progress Probation. Students are evaluated after the 2nd quarter for academic proficiency. If a 2.0 or greater GPA is not achieved, the student is then terminated.

Veterans Benefits Course Repeats
Students may receive benefits when repeating courses in which a grade of “F” or “NC” was received if the course is required or is a pre-requisite to a required course. In some instances a grade of “D” may be repeated if it is noted that a grade of “C” or better is required. Student should notify the Veterans Office of any course they are planning to repeat.

Veterans Benefits Online Courses
There are no distance learning courses available at this time. For veterans, please check with the Veterans Office for training time equivalencies and payment information. Community Education and TV courses are not eligible for VA benefits. Payments for short-term/accelerated courses cover only the period in which the class is in session.

Veterans Benefits Work Experience (Externship) Courses
To receive benefits for Work Experience courses, the course must meet a requirement under a student’s approved objective/major as listed in the WCUI catalog. In addition, he or she must maintain, at a
minimum, monthly contact with the Externship Coordinator and satisfy all other course requirements. Students should check with the Veterans Office concerning the procedures for this. Note: If a student does not meet the monthly contact requirement, his or her benefits for this course can be terminated.

**CAMPUS ACADEMIC REQUIREMENTS**

**Satisfactory Academic Progress Policy**
WCUI measures Academic Progress for each student by monitoring both academic performance and maximum time frame for completion. In order to be considered in compliance with the SAP policy, a student must maintain a cumulative GPA of 2.0 (letter grade of C or better) and complete the program within one and one half (1.5) of the length of the student’s program of study.

**Academic Performance**
Credit hours accepted from another institution that are accepted toward the student’s educational program must count as both attempted and completed hours.

**Warning**
Academic performance is reviewed at the end of each quarter after official grades are posted. If a student has not completed 67% of the total credit hours attempted with a cumulative grade point average (GPA) of 2.0 (letter grade of C or better), he/she will be placed on academic warning for the following quarter. Financial Aid will be disbursed to a student on warning status. Financial Aid will be terminated if the student has not demonstrated Satisfactory Academic Progress at the end of the warning quarter. He or she must file an Appeal to remain eligible for Title IV funding. The student may not receive two consecutive warning periods.

**Probation**
If the student fails to meet the requirements for satisfactory academic progress at the end of the warning period, the student will lose eligible for Title IV funds unless the student submits an appeal to be placed on probation. The student must submit a written appeal for financial aid probation. If the appeal is successful, the student will be placed on probation and given an academic plan to come into compliance with the school’s satisfactory academic progress standards by the end of the probationary period. At the end of the probationary period, the student must be meeting the academic progress standards or the student’s financial aid eligibility will be terminated and the student may be subject to termination from school.

**Appeal Process**
Students whose Title IV has been terminated due to the inability to meet satisfactory progress requirements may appeal this decision to the Education Department by indicating in writing the reasons why the minimum requirements were not met describing in detail, with documentation, any undue hardship or circumstance which may have caused the failure to meet the satisfactory progress standards or the educational plan provided to the student. The student must indicate what has changed that will allow the student to meet the standards by the end of the next evaluation period. The Education
Department will review the appeal and determine whether or not the termination and/or financial aid termination should be upheld. The student will be advised, in writing, of the department’s decision.

Students who are reinstated through the appeal process will be reinstated on probation and financial aid eligibility will be reinstated for the payment period in which the appeal is successful.

**Maximum Time Frame for Completion**

Students will have a maximum of one and one half (1.5) of the length of a student’s program of study. Maximum Time Frame is measured by program length. Grades of F (failed), W (withdrawn), or I (incomplete) are considered attempted credit hours and are included when calculating Maximum Time Frame.

If it is determined that a student will not be able to complete the program within the maximum timeframe, the student will no longer be eligible for Title IV funds.

*Note: Vocational Nursing Program requires GPA a minimum of 2.5.*

**Reestablishing Academic Good Standing**

Students who are terminated for unsatisfactory academic progress must wait a minimum of one quarter before re-applying for admission to the Institution.

Students who are re-admitted will be admitted as probationary students until such time they meet satisfactory academic standards.

Re-admitted students are ineligible for financial aid and will remain ineligible until they have completed 67% of the total credit hours attempted with a cumulative grade point average (GPA) of 2.0 or better and can complete the program within the 1.5 maximum timeframe.

Financial Aid will be disbursed to a student in warning status. Financial Aid will be terminated if the student is not in satisfactory progress at the end of the warning quarter as described above.

**Class Repetition**

Students are graded by objective, fact-based tests that are developed around the information disseminated from class lectures, reading assignments and lab competencies:

- All assignments are to be completed before the end of each quarter.
- Any missed assignments or exams not completed by the student will result in an incomplete grade for the class.
- The instructor may assign additional outside make-up work deemed appropriate. All arrangements are subject for approval by the Campus Director and/or Director of Education. The student cannot make up the time but the student must make up required protocols and academic remediation to complete the program.

If not made up according to the policy stated above, the incomplete will revert to a grade of F. Financial assistance may be awarded to cover the cost of courses previously taken to improve a grade of D, F or W. The student may only repeat a class once. The repeated grade will supersede the previous grade received. If the student fails a second time, they will be terminated from the program.
All credits attempted are calculated in the maximum timeframe for completion.

**Attendance Policy**

If a student is going to be absent, they must notify the school one hour prior to the start of class. Students must complete 100% of the required clinical/laboratory hours and receive a passing grade to move on to the next quarter.

**Didactic portion of program:** If a student completes a quarter in which they have attended less than 85% of the scheduled classes, even if he/she passes the class with a letter grade of C or better, he/she will not be in attendance compliance and will be placed on attendance probation for the following quarter. At the end of the probationary quarter, the student must have attended at least 90% of the scheduled classes or he/she will be terminated from his/her program. In addition, the student must have documented evidence of having successfully completed his/her remediation plan for the previous term’s deficiencies. If the student attends 90% or more of the scheduled classes for the quarter in which he/she was placed on attendance probation and completes remediation, they will be considered in attendance compliance and probation will be lifted for the next quarter.

Students must complete 100% of the required clinical/laboratory hours and receive a passing grade to move on to the next quarter.

Students who are placed on attendance probation but have completed the class/es with a letter grade of C or better do not need to repeat the class(es) for which they were placed on attendance probation.

If a student is placed on academic and attendance probation, both areas of non-compliance must be corrected during the probationary quarter in order for the student to continue in their program.

If a student fails to attend classes for a period of fourteen (14) consecutive days, excluding holidays and scheduled breaks, the student will be considered to have unofficially withdrawn from the Institution.

Financial Aid will be disbursed to a student for the quarter in which he/she was placed on probation. Financial Aid will be terminated if the student does not complete the probationary quarter by attending 90% of the scheduled classes.

Students who are terminated from the Institution must wait a minimum of one quarter after the end of the terminated quarter before applying for re-admission to the Institution.

**Excused Absences**

Students are allowed one excused absences per class, per quarter. In order for an absence to be excused there must be documentation provided to the Registrar upon return to school. Examples of excused absences include: death in the immediate* family, illness or injury with a Dr.’s note, jury duty and military duty. Students must still make-up missed lab time but will not receive a letter grade drop if they exceed the number of allowed absences in a quarter. Any requested exceptions to this policy may be appealed in writing to the Director of Education only. Students have one week from the time of the absence to bring in documentation for absence to be excused. No documentation will be accepted after this time.

*Note: Immediate family members include: spouse or domestic partner, parent, child, sibling, grandparent; the spouse’s or domestic partner’s parent, child, sibling, grandparent.
Tardy Policy
Students are required to arrive on time for class and to stay for the entire class session. Three tardies or early departures will equal one absence. Tardy is defined as arriving more than 15 minutes late. Early departure is defined as leaving at any time before class is dismissed.

Externship Policy
Externships must be attended during day-time hours (no nights or weekends), unless approved by the school. Students are responsible for transportation to and from the externship site and may be required to drive up to 75 miles each way. Students are not employees and will not receive compensation for any aspect of their education, including when providing services to individuals while on externship or clinical rotation.

Required Medical Records
- Proof of MMR, Varicella, and Hepatitis B immunizations
- Current negative TB skin test or Chest X-ray

Required Documents
A current background check, current CPR card, OSHA and HIPAA training and copy of medical insurance card or signed waiver are required documents for externship.

Academic
Students who have not completed the didactic and/or clinical/laboratory portions of their respective programs due to academic deficiencies must make arrangements to complete the deficient coursework prior to the commencement of their externship. This policy may require you to withdraw from the program until the class is available. Externship is graded on a pass/fail basis. Students must pass externship in order to graduate from the program.

Remediation
In keeping with our mission, WCUI requires remediation for students that fail a test. The objective of remediation is to provide students a solid foundation in their field of study. Tests may not be repeated.

Attendance
A student needs prior approval from the clinical coordinator/instructor for any absences.

All students that enter the externship portion of the program are responsible for complying with the externship attendance policy. Externship is “on the job” training and must be treated as a job. Students are required to follow the work schedule of the externship site.

The following criteria must be adhered to:

- More than three (3) absences in an externship quarter will cause the student to be placed on probation. Students will be sent a probation letter and advised by the Externship Coordinator and/or staff.
- Students must make-up externship hours, scheduling of those hours are at the discretion of the Director of Externship, Campus Director, and/or externship site.
- Five (5) absences in a quarter will result in termination of the student.
- The student may reapply to school after one quarter through an “Appeal” process. Students must submit:
• A written letter to the Campus Director and/or the Director of Education.
• A review team will evaluate each student’s request to determine if the student can successfully reenter the program.

- Students must complete 100% of externship hours.
- In the event that the student is absent due to inclement weather the school must be notified by telephone.

Exception to the externship attendance policy: Refer to Excused Absence policy.

**Site Specific Requirements**

The individual clinical nursing rotations and imaging externship sites may have their own policies and/or requirements that students are expected to agree and adhere to if they are placed at a location with special requirements. These special requirements are at the discretion of the individual clinical nursing rotation and imaging externship site and WCUI does not have the ability to waive any such requirements. Examples are drug testing, background checks, special dress codes and/or hours of operation. In every case, if special requirements are necessary to be placed at a clinical nursing rotation or imaging externship site, the student will be informed in advance of placement. If the student does not want or feel that they can comply with the location’s additional requirements, they will be placed at an alternative site. However, if the student wants a particular location that has site specific requirements, they will be expected to meet the terms of that site. In addition, they will be required to sign a waiver with WCUI that confirms their understanding of the site’s special requirements and agree to follow all terms and conditions of externship at the site.

Note: Clinical or Externship drug testing and background checks are done at the student’s expense.
Grading System
West Coast Ultrasound Institute utilizes an absolute grading system as stated below:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Quantitative Assessment</th>
<th>Qualitative Assessment</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90% and Above</td>

*Anything below a C is considered a failing grade and cannot be counted toward graduation.

ADDITIONAL GRADES
W (withdrawn) – this grade does not reflect in GPA or CGPA but does count as credit hours attempted.

WF (withdrawn/fail) – this grade does reflect in GPA and credit hours attempted.

I (incomplete) – this grade signifies that required coursework was not completed during the term of enrollment.

CR (pass) – this grade signifies that required coursework was completed; however, it does not affect the GPA or CGPA. It does count as credit hours attempted.

TC (transfer credit) – this grade signifies that transfer credit was given for this course. It does not affect the GPA or CGPA. The grade of “TC” is counted as credit hours earned, but does not count as credit hours attempted.

NC (no credit) – this grade signifies that no credit was given for this course. It does affect GPA and CGPA. It is counted as credit hours attempted.

Course Repeats – students who do not earn a minimum of 70% in a course are allowed to repeat it once. When a course is repeated the original grade remains on the student’s permanent academic record. Repeated courses count as credit hours attempted in the maximum timeframe calculation. The highest grade earned for the repeated course is counted as credit hours completed and supersedes the original grade when calculating GPA and CGPA. Repeated class is indicated with a double asterisk (**).

General Graduation Requirements
In order for a student to be considered a graduate of his/her program of study, he/she must complete all required course work with a letter grade of “C” or better and maintain an overall GPA of 2.0 or better. All course work must be completed within one and one half (1.5) of the length of time of the student’s
program of study. Students must have 85% or better cumulative attendance. Students must return all property belonging to the school. Students must fulfill all financial obligations to the school.

**Leave of Absence**
The school does not grant a leave of absence from the institution.

**Withdrawal from the Institution (BPPE)**

*Official*
Students who wish to officially terminate their enrollment with the Institution must contact the Director of Education in writing and request to be withdrawn from the Institution. The date of written request will qualify as the date of termination.

*Unofficial*
An unofficial withdrawal is defined as either: a student who is terminated by the Institution for reasons previously outlined in the catalog, or a student who does not attend classes for 14 consecutive days, excluding holidays and scheduled breaks. The withdrawal date is the date of termination.

**Withdrawing After Classes Have Started:**
A student has the right to withdraw from the College at any time. A refund will be based on the Institution’s Refund Policy. West Coast Ultrasound Institute complies with state and federal refund policies. You may terminate your enrollment by giving written notice to the College. Notice is effective as of the date of the postmark, if properly addressed with proper postage. Written notice of cancellation need not take any particular form. If the withdrawal is requested within the first six weeks of the quarter the student will receive a grade of “W”, if the withdrawal is after the sixth week the student will receive a grade of “WF”. A grade of “WF” affects GPA and credits attempted. A grade of “W” only affects credits attempted. Both will affect SAP.

Students may withdraw from the institution at any time by providing the Office of Registrar with a signed and dated request. If the student withdraws before receiving 60% of the instruction for the quarter, they will be entitled to a prorated tuition refund.

A student who withdraws from a course will receive credit for all courses completed prior to their last day of attendance. If a student changes their educational objectives by entering a new program, the student will have only the grades of those modules credited to the new program considered in the cumulative average. The time spent in the previous program will not be considered in determining whether the student has completed a course in the maximum allowable time frame. Students will be allowed only one change of program for the duration of their course of education.

Degrees, Diplomas, and official transcripts will not be issued to students until their outstanding tuition is paid in full.

**Termination**
Students shall be terminated for failure to meet any one of the following items: (a) meet minimum standards for satisfactory academic progress; (b) attend at least 85% of the total number of scheduled hours in their selected program with a cumulative GPA of 2.0* or higher; (c) fail to attend classes for a period of fourteen (14) consecutive days without contacting the school; (d) meet the minimum school standards of conduct and classroom rules; (e) meet financial obligations to the school; or (f) meet any of
the conditions as set forth and agreed to in the Enrollment Agreement, Student Handbook and Disclosures.

Whether termination of enrollment is voluntary or involuntary, students are advised that they will remain obligated for payment of the amount of tuition and fees due to the school based on the refund policy. Students have the right to appeal dismissal decisions made by the school administration by submitting a written request to the Campus Director or Director of Education. The written request should describe any mitigating circumstances or conditions that warrant special consideration. If the appeal is approved by the educational advisory board, the student may be reinstated according to special terms and conditions stipulated by the Campus Director and the board.

*Note: Vocational Nursing Program requires GPA a minimum of 2.5.

Conduct Policy
A student found to have committed any of the following violations of the school’s policy will be subject to a range of penalties up to and including termination and legal prosecution at the discretion of the administration:

- Abusive behavior: physical, verbal, harassment or sexual assault toward any faculty, staff or student
- Alcohol or any illegal substance: use, possession, sale, distribution, public intoxication
- Breach of Peace: disorderly, disruptive, indecent behavior
- Possession of weapons or explosives
- Property damage, vandalism or theft: destruction, damage, misuse
- Cheating on a school examination
- Exhibiting violence, insubordination or inappropriate language toward any school staff, faculty, or student
- Audio/video recording in the classroom lecture or lab
- Cell phone usage during lecture or lab
- Unprofessional conduct
- Falsifying information, including but not limited to information submitted to obtain Financial Aid.

Observance of the rules and regulations of the school, as well as maintaining a professional manner, is required at all times.

Drug-Free Schools and Communities Act (DFSCA)
West Coast Ultrasound Institute is committed to the well-being of its students and employees. Thus, West Coast Ultrasound Institute maintains alcohol and drug abuse policies and programs consistent with Drug-Free Schools and Communities Act (DFSCA). Related to such policies and programs are internal implementation plans and procedures for ensuring effectiveness and to ensure consistency in enforcement, for both students and employees.

In August, on a biennial basis, West Coast Ultrasound Institute will review its compliance with the DFSCA. Any necessary updates or changes to the policy or program will be made at this time. A notification will be sent to students and staff if any changes or updates are made.

Drug and alcohol abuse prevention, education, and intervention activities are cross-functional and involve multiple departments, including, but not limited to: Legal, Compliance, Facilities/Security, and Education.
Statement on Illegal Drugs and Alcohol
WCUI has a zero tolerance policy for illegal substances on campus. WCUI prohibits the unlawful use, possession, or distribution of controlled substances and alcohol by students and employees on the school’s property or as part of school activities. WCUI reserves the right to require drug testing.

WCUI recognizes that alcoholism, drug addiction, and substance abuse may represent illnesses that require professional counseling, treatment, and rehabilitation. The abuse of alcohol or drugs can be hazardous to an individual’s health and safety, as well as an impediment to academic and personal success. Because the health and safety of students and employees are paramount to WCUI, those who are affected by alcohol and/or substance abuse are encouraged to utilize referrals provided by the school.

Campus Policy Regarding Illegal Substances
The institution strictly forbids the possession, use, or sale of alcoholic beverages and/or illegal drugs on all campus grounds. Medical marijuana, which is still considered illegal federally, is included and covered by this policy. Students and staff members should report any knowledge of such activities to the appropriate school personnel. Any infraction is cause for immediate suspension and possible expulsion/termination. When appropriate, such infractions will also be reported to the local authorities. Specific details of this institution’s drug policy are outlined in the campus drug free policy statement, distributed annually to all staff and students under separate covers.

Disciplinary Sanctions
WCUI will impose disciplinary sanctions on students and employees who violate the standards of conduct. The sanctions may include anything up to and including dismissal.

In addition, those who violate public law may be subject to criminal prosecution from local, state, and federal law enforcement. Conviction of drug and alcohol violations can lead to imprisonment, fines and community service. Convictions may also prevent individuals from entering many fields of employment and make them ineligible for federal student grants and loans. Many cities have local ordinances which prohibit public consumption of alcohol. The penalties for DUI depend on factors such as prior history, and vary from state to state. Penalties for drugs vary with the type and amount of the drug, and whether other criminal activity occurred with the drug offense.

Federal Financial Aid Penalties for Drug Violations
The following notice provides information about the Title IV federal financial aid penalties associated with drug-related offenses under section 484(r) of the Higher Education Act. It also describes how to regain eligibility for such financial aid after conviction of a drug-related offense.

As prescribed in Section 484(r), a student convicted of any offense under any federal or state law involving the possession or sale of a controlled substance during a period of enrollment when he or she was receiving any grant, loan, or work assistance under Title IV will be ineligible to receive such assistance for the following period of time:

- For one year from the date of conviction for the first offense involving the possession of a controlled substance.
• For two years from the date of conviction for the second offense involving the possession of a controlled substance.
• Indefinitely from the date of conviction for the third offense involving the possession of a controlled substance.
• For two years from the date of conviction for the first offense involving the sale of a controlled substance.
• Indefinitely from the date of conviction for the second offense involving the sale of a controlled substance.

A student whose eligibility has been suspended under the previous provision may resume eligibility before the end of the prescribed ineligibility period by one of the following means:

• The student satisfactorily completes a drug rehabilitation program that complies with criteria the secretary of education prescribes and includes two unannounced drug tests.
• The conviction is reversed, set aside, or otherwise rendered nugatory.

Campus Security Act Disclosure Statement
The Campus Security Act (Public Law 101-542) requires secondary institutions to disclose the number of instances in which specific types of crimes have occurred in any building or on any property owned or controlled by this institution that is used for activities related to the educational purpose of the institution and/or in any building or property owned or controlled by student organizations recognized by this institution. In compliance with that law, the following reflects this institution’s crime statistics for the period between 2011 and 2013:

Reporting of Criminal Acts
The school strives to provide a safe and secure campus for all students and staff members. All students and staff members are encouraged to report any and all suspicious campus activity immediately upon witnessing the occurrence. All students should report any knowledge of criminal acts or suspicious behavior to the Campus Director or security guards. The school will then take appropriate action based upon the information given by the student or staff member. When deemed appropriate, local law enforcement authorities will also be notified.

Students should report all incidents related to sexual assault for inclusion in the school's crime statistics. Any pastoral and/or professional counseling will be kept in the strictest of confidence and will only be used for the purpose of disclosing such an incident in the school's annual disclosure of its crime statistics.

Campus Security Programs
All students are informed of campus security procedures during orientation. All staff members are briefed on campus security procedures upon hiring.

Both staff members and students are encouraged to be responsible for their own security and the security of those around them by carefully reading the campus security procedures and reporting any incidents when they occur and seeking assistance.

Only students, staff members, and other parties having relevant business should be on campus property. Other individuals present on campus property at any time without the express permission of the appropriate school official(s) shall be viewed as trespassers and may therefore be subject to a fine and/or arrest. In addition, any students or staff members present on campus property during periods of non-operation without the express permission of the appropriate campus officials shall also be viewed as trespassers and may also be subject to a fine and/or arrest.

Clergy Act

Emergency Evacuation Plan
The schools all have an emergency evacuation plan that follows the set guidelines of FEMA and the American Red Cross for earthquake preparedness. Each campus has a dedicated Emergency and Clergy Facilities Manager. The director gives emergency and evacuation preparedness information during orientation. There is an emergency notification system in place. The registrar should be notified immediately if there is a change in emergency contact information or personal contact information.

Copyright Policy
Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.
Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

For more information, please see the website of the U.S. Copyright Office at www.copyright.gov, especially their FAQs at www.copyright.gov/help/faq.

**Dress Code**
Students must wear medical scrubs while on school premises, including classrooms and labs. Open toed shoes are not permitted. All tattoos must be covered, and facial piercings are not permitted. Name badge must be worn at all times while on school premises. If the name badge is lost, the student must purchase another one from student services at a cost of $10.00.

**FERPA Policy**
In accordance with FERPA, the students at West Coast Ultrasound Institute have the following rights:

- The right to review their educational records.
- The right to seek correction of the contents of these records.
- The right to a formal hearing if seeking the correction of these records.
- The right to place a note of explanation in the records if their requested correction is unsuccessful.
- The right to request disclosure of the contents of the records.
- The right to file a complaint with the Department of Education if WCUI fails to comply with FERPA policies.

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW.  
Washington, DC 20202-4605

Students who wish to inspect and review their records may do so by submitting a written request to the office of the registrar. The registrar must respond within 45 days to arrange an appointment for the student to review the requested record. WCUI will not release personally identifiable information without written consent of the student, unless the student is under the age of 18 and the request is made by a legal guardian. Legal exceptions may also apply.
CAMPUS SERVICES

Learning Resource Center
West Coast Ultrasound Institute maintains a resource and reference center that is stocked with a sufficient number of current reference textbooks and relevant reference materials such as; CDs, videotapes, professional journals, and health care periodicals to serve all students. An adequate and appropriate space for study is also provided. The resource center is a constantly evolving collection of publications, periodicals and audiovisual materials. Access to the World Wide Web is available. A dedicated librarian and trained library assistant or work study student is always available to help students during resource center hours.

Learning resource materials can be accessed with the assistance of the Librarian during posted resource center hours. Materials can be checked out in person by the student using their current student identification card. Students can access e-books through the e-library by logging on to www.inside-wcui.com.

Student Services
WCUI has partnered with WellConnect to provide community resource information to students in need. Examples include childcare, housing, medical referral information, social services and drug and alcohol prevention.

Tutoring
Students may schedule tutoring by submitting a written request to student services. Tutoring sessions are determined by class and instructor availability and are available at no extra charge to the student. The request for tutoring must be coordinated by student services.

Housing Statement (BPPE)
The institution does not have dormitory facilities under its control. ALL PROGRAMS AT THIS INSTITUTION ARE “NON-RESIDENTIAL”. There is a mixture of single family homes and apartments available within a 5 mile radius of the main campus. Apartment and house, rentals range from $900.00 to $15,000.00 per month. The average cost ranges from $1400 to $2000 per month depending on location, size and type of dwelling. Rentals available within a 5 mile radius of the Ontario Campus range from $825.00 to $3056.00 (average being $1200 to $1500 per month).

Student Lounge
The student lounge is located within the facility, providing students with a break room, which contains a refrigerator and microwave. Vending machines are also located on campus.

Career Development
West Coast Ultrasound Institute provides career guidance to all graduates of all its programs through the Career Development Department. These services include:

1. Resume preparation
2. Job interview preparation
3. Career development workshops
4. Employment postings
5. Video interview providing recorded feedback
6. Skills Honing and Reinforcement Program (SHARP)
While the school cannot guarantee students with employment, it is the mission of the Career Services Department to provide students with job search tools and to actively maintain current employment listings. West Coast Ultrasound Institute is dedicated to the success of its graduates in the job market. Graduates are responsible to secure their own employment and relocation may be necessary.

Section 504/Americans with Disabilities (ADA) Policy
The School does not discriminate in admission or access to our program on the basis of age, race, color, sex, disability, religion, sexual orientation, national origin or any other category protected by federal or state law. If you would like to request academic adjustment or auxiliary aids, please contact the ADA Compliance Coordinator. You may request academic adjustments or auxiliary aids at any time. The Compliance Coordinator is responsible for coordinating compliance with Section 504 of the Rehabilitation Act of 1973 and Title III of the Americans with Disabilities Act of 1990.

Applicants, who are persons with disabilities, as defined in paragraph 104.3(j) of the regulation under Section 504 of the Rehabilitation Act of 1973, may apply for admittance into the program. The School will work with the applicant or student to determine whether reasonable accommodations can be effective and/or are available.

Any qualified individual with a disability requesting an accommodation or auxiliary aid or service should follow this procedure:

1) Notify the Compliance Coordinator in writing of the type of accommodation needed, date needed, documentation of the nature and extent of the disability, and of the need for the accommodation or auxiliary aid. The request should be made at least four weeks in advance of the date needed.

   ADA Compliance Coordinator: Andrew High
   291 S. La Cienega Blvd., Suite 500
   Beverly Hills, CA 90211
   (310) 289-5123
   andrew.high@wcui.edu

2) The Compliance Coordinator will respond within two weeks of receiving the request.

3) Individuals disagreeing with the approved reasonable accommodation may appeal the decision using the ADA Grievance Procedure.

ADA Grievance Procedure
The School has adopted an internal grievance procedure providing for prompt and equitable resolution of complaints alleging any action prohibited by Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794). Any person who believes she/he has been subjected to discrimination on the basis of disability, or who wishes to appeal an approved accommodation pursuant to this policy, may file a grievance as outlined below. The School will not retaliate against anyone who files a grievance in good faith or cooperates in the investigation of a grievance.
Procedure:
Grievances must be submitted to MaryAnn Crone (Section 504 Grievance Coordinator) at 4250 E. Camelback Rd., Suite K-190, Phoenix, AZ 85018; (602) 954-3834; maryann.crone@wcui.edu, within thirty (30) days of the date the person filing the grievance becomes aware of the alleged discriminatory action.

A complaint must be in writing, containing the name and address of the person filing it. The complaint must state the problem or action alleged to be discriminatory and the remedy or relief sought. The Section 504 Grievance Coordinator (or her designee) shall investigate the complaint (i.e., identify and obtain relevant evidence, identify and obtain statements from relevant witnesses) and afford all interested persons an opportunity to submit relevant evidence. The Complainant may also present witnesses relative to the complaint. The Section 504 Grievance Coordinator will maintain the files and records relating to such grievances. The Section 504 Grievance Coordinator will issue a written decision on the grievance no later than 30 days after its filing.

The person filing the grievance may appeal the decision of the Section 504 Grievance Coordinator by writing to the School’s CEO, Myra Chason, at 291 S. La Cienega Blvd., Suite 500, Beverly Hills, CA 90211; (310) 289-5123; myra@wcui.edu within 15 days of receiving the Section 504 Grievance Coordinator’s decision. The School’s CEO shall issue a written decision in response to the appeal no later than 30 days after its filing.

The availability and use of this grievance procedure does not prevent a person from filing a complaint of discrimination on the basis of disability with the U. S. Department of Education, Office for Civil Rights.

The School will take all steps to prevent recurrence of any harassment or other discrimination and to correct discriminatory effects where appropriate.

The School will make appropriate arrangements to ensure that disabled persons are provided other accommodations, if needed, to participate in this grievance process. The Section 504 Compliance Coordinator will be responsible for such arrangements.

Sexual Harassment Policy

A. Introduction.
The “School is committed to providing a working and educational environment for all faculty, staff, and students that is free from sexual harassment. Every member of the School community should be aware that the School is strongly opposed to sexual harassment, and that such behavior is prohibited by state and federal laws including Title IX of the Education Amendments of 1972.
As part of the School’s commitment to providing a harassment-free working and learning environment, this policy shall be disseminated widely to the School community through publications, the School website, new employee orientations, student orientations, and other appropriate channels of communication. The School provides training to key staff members to enable the School to handle any allegations of sexual harassment promptly and effectively. The School will respond quickly to all reports of sexual harassment, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy.

B. Definitions.
Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, and it can have the effect of unreasonably interfering with a person’s or a group’s educational or work performance or can create an intimidating, hostile, or abusive educational or
work environment. Sexual harassment includes unwelcome sexual advances, requests for sexual favors and lewd, vulgar or obscene remarks, jokes, posters or cartoons, and any unwelcome touching, pinching or other physical contact.

All acts of sexual violence are considered forms of sexual harassment under Title IX. Sexual violence is a sexual act perpetrated against a person’s will or where a person is incapable of giving consent, whether because of an intellectual disability or due to drug or alcohol consumption. Sexual violence includes rape, sexual assault, sexual battery, and sexual coercion.

Sexual harassment can take many forms, and the determination of what constitutes sexual harassment will vary according to the particular circumstances. Sexual harassment may involve behavior by a person of either gender against a person of the same or opposite gender. Sexual harassment may include incidents between any members of the School community, including faculty, staff, students, and non-employees participants in the School community, such as vendors, contractors, and visitors.

C. Retaliation Prohibited.

Employees and students are protected by law from retaliation for reporting alleged unlawful harassment or discrimination or for otherwise participating in processes connected with an investigation, proceeding or hearing conducted by the School or a government agency with respect to such complaints. The School will take disciplinary action up to and including the immediate termination or expulsion of any employee or student who retaliates against another employee or student for engaging in any of these protected activities.

D. Complaint Procedure.

Any member of the School community may report conduct that may constitute sexual harassment under this policy. In addition, managers and other designated employees are responsible for taking whatever action is necessary to prevent sexual harassment, to correct it when it occurs, and to report it promptly to the Title IX Coordinator (Sexual Harassment Officer).

Any individual may file a complaint or grievance alleging sexual harassment by contacting the School’s Title IX Coordinator, Andrew High at 291 S. La Cienega Blvd., Suite 500, Beverly Hills, CA 90211; (310) 289-5123; andrew.high@wcui.edu.

E. Response to Sexual Harassment Allegations.

The School takes all reports seriously and will provide a prompt and equitable response to all reports of sexual harassment in accordance with the School’s procedures for responding to reports of sexual harassment (“Procedures”). A prompt and equitable response may include an early resolution of the issue, a formal investigation, and/or targeted training or educational programs. If an investigation is warranted, the School shall maintain confidentiality for all parties to the extent permitted by law. However, complainants should be aware that in a formal investigation due process requires that the identity of the charging party and the substance of the complaint be revealed to the person charged with the alleged harassment.

Nonparty witnesses who participate in sexual harassment investigations shall not share with involved parties, other witnesses, or any others, information revealed to them during the investigation.

F. False Reports.

The School recognizes that sexual harassment frequently involves interactions between persons that are not witnessed by others or cannot be substantiated by additional evidence. Lack of corroborating evidence or “proof” should not discourage individuals from reporting sexual harassment under this policy. However, making false charges of sexual harassment is a serious offense. If a report is found to have been intentionally false or made maliciously without regard for truth, the claimant may be subject to
disciplinary action. This provision does not apply to reports made in good faith, even if the facts alleged in the report cannot be substantiated by an investigation.

6. Additional Information.
The U.S. Department of Education Office for Civil Rights (“OCR”) investigates complaints of unlawful harassment of students in educational programs or activities. This agency may serve as a neutral fact finder and will attempt to facilitate the voluntary resolution of disputes with the parties. For more information, visit the OCR website at: http://www.hhs.gov/ocr/.

CAMPUS COMPLAINT PROCEDURES

Student Complaint and Grievance Policies (BPPE, ACCSC)
Complaints directed at an individual instructor or staff member must be discussed directly with the individual involved. If one-on-one discussion fails to result in a satisfactory resolution, a written complaint must be submitted to the Campus Director. The Campus Director must respond to the complaint in writing within ten (10) business days, excluding Saturday, Sunday, and State and Federal holidays.

If the student is not satisfied with the proposed resolution, the student must respond to the Campus Director, in writing, within ten (10) business days, excluding Saturday, Sunday, and State and Federal holidays. The Campus Director will issue a final written response to the student within ten (10) business days, excluding Saturday, Sunday, and State and Federal holidays.

If the complaint cannot be resolved after exhausting the Institution’s grievance procedure, the student may file a complaint with the Department of Consumer Affairs. The address is:
Department of Consumer Affairs
Bureau for Private Postsecondary Education
P.O. Box 980818
West Sacramento, CA 95798
(888) 370-7589

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 or by completing a complaint form which can be obtained on the bureau’s internet website at: www.bppe.ca.gov.

Schools accredited by the Accrediting Commission of Career Schools and Colleges must have a procedure and operational plan for handling student complaints. If a student does not feel that the school has adequately addressed a complaint or concern, the student may consider contacting the accrediting commission. All complaints considered by the commission must be in written form, with permission from the complainant(s) for the commission to forward a copy of the complaint to the school for a response. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the commission. Please direct all inquiries to:
Accrediting Commission of Career Schools and Colleges
2101 Wilson Blvd. Suite 302
Arlington, VA 22201
(703) 247-4212
www.accsc.org
A copy of the commission’s compliant form is available at the school and may be obtained by contacting the Campus Director.

**CAMPUS PROGRAM INFORMATION**

**BACHELOR OF SCIENCE DEGREE PROGRAM OFFERED:**
Full-time schedule; not all programs are available at all locations.

**BACHELOR OF SCIENCE DEGREE IN DIAGNOSTIC CARDIOVASCULAR SONOGRAPHY**
3240 Clock Hours/190 Quarter Credit Hours/36 months

**ACADEMIC ASSOCIATE OF SCIENCE DEGREE PROGRAMS OFFERED:**
Full-time schedule; not all programs are available at all locations.

**ACADEMIC ASSOCIATE OF SCIENCE IN DIAGNOSTIC MEDICAL SONOGRAPHY**
114 Quarter Credit Hours/2194 Clock Hours/24 months

**ACADEMIC ASSOCIATE OF SCIENCE IN CARDIOVASCULAR SONOGRAPHY**
114 Quarter Credit Hours/2194 Clock Hours/24 months

**ACADEMIC ASSOCIATE OF SCIENCE IN MAGNETIC RESONANCE IMAGING**
111.5 Quarter Credit Hours/2080 Clock Hours/21 months

**DIPLOMA PROGRAMS OFFERED:**
Full-time schedule; not all programs are available at all locations.

**MAGNETIC RESONANCE IMAGING (Long) – DIPLOMA**
1720 Clock Hours / 80 Quarter Credit Hours / 15 Months

**MAGNETIC RESONANCE IMAGING (Short) – DIPLOMA**
Prerequisite: Must be a Full X-Ray Technologist
720 Clock Hours / 38 Quarter Credit Hours / 9 Months

**PEDIATRIC CARDIAC ULTRASOUND AND CONGENTIAL HEART DISEASE – DIPLOMA – Beverly Hills Campus**
Prerequisite: Must be a formally trained Cardiovascular Sonographer
864 Clock Hours / 48.5 Quarter Credit Hours / 9 Months

**PEDIATRIC CARDIAC ULTRASOUND AND CONGENTIAL HEART DISEASE – DIPLOMA – Ontario Campus**
Prerequisite: Must be a formally trained Cardiovascular Sonographer
760 Clock Hours / 46.5 Quarter Credit Hours / 9 Months

**VOCATIONAL NURSING – DIPLOMA**
1536 Clock Hours / 79.5 Quarter Credit Hours / 15 Months

explore the ethical responsibilities of leadership, moral choice and its impact on organizations.

**Introduction to Psychology - PSY202**
This is a general overview course focusing on the scientific study of both the behavioral and mental processes of human beings. More specifically, we will be covering the history of psychology and scientific thought, the biological basis of behavior, research methodology and statistics, sensation and perception, states of consciousness, memory, language, intelligence, developmental psychology, personality, learning patterns, biological and developmental processes, motivation and emotion, stress, psychopathology, and social behaviors. Core skills needed for developing emotional intelligence will also be discussed.

**Introduction to Biology - BIO203**
This course introduces the student to biology. Organisms are studied from their behavioral, ecological, hereditary and evolutionary perspectives. Topics include: cellular life and reproduction, genetics, biological diversity, animal and plant form and function, and ecology. Students explore the relevance of biology to contemporary issues in human society.

**Introduction to General Physics - PHY301**
In this course, students will discuss the concepts of physics. Particular emphasis will be placed on measurements and standards in length, mass, and time. Physics of motion in both one and two dimensions will be covered. The laws of motion, energy, momentum and collisions are explained. We will cover states of matter and thermodynamics, and will study waves considering sound, reflection and refraction of light.

**Art History - ART302**
This course is designed to give students an appreciation of the human form in art. Art and the human form have long been studied by early physicians and artists, which leads to a greater understanding of the human body. We will start in the Renaissance period with Leonardo Di Vinci and move through the ages until we reach the millennium and the digital age. We will discuss the social and political environments unique to each time period and their affect on the artist.

Externship involves the direct interaction of the student within a specific medical environment. The student is assigned to a hospital, imaging center, clinic, or other environment in which ultrasound is performed on patients. Students observe and, when allowed by a supervisor, may perform a portion of the exam. This module serves to assist the student in making a successful transition from the school environment to a clinical setting. Students will write reports, present findings, and further explore pathologies.

PROGRAM OBJECTIVES
Graduates of the Diagnostic Cardiovascular Sonography program will:

1. Demonstrate a commitment to the field of Cardiovascular Sonography, including:
   - Vascular sonography
   - Diseases of the heart
   - Preventative and screening protocols
   - Diagnostic evaluation of adult congenital heart defects
   - The role of cardiovascular sonographers in special cardiac imaging procedures

2. Demonstrate introductory level knowledge of arts and humanities and social and behavioral sciences.

3. Read and listen with understanding and express oneself effectively in written and spoken English.

4. Demonstrate problem-solving techniques in the basic concepts and principles of the biological and physical sciences.

5. Solve mathematical and computational problems.

6. Relate anatomy and physiology to the field of cardiovascular sonography.

7. Demonstrate entry level clinical knowledge, skills, and attitudes in the care of patients undergoing cardiac ultrasound procedures.

8. Demonstrate a commitment to ethics and professionalism.

9. Be eligible for an entry level position as an ultrasound technologist.

10. Develop skills for lifelong learning.

Students will learn “knobology” by scanning predetermined protocols that afford manipulation of specific knobs and machine function. Emphasis is placed on the technical aspects of scanning and the application of the principles of physics. | 6.0 | 120 | 0 |
| **Vascular Sonography Lecture - VAS201**  
Students are engaged with this challenging series on vascular anatomy, physiology, hemodynamics and disease of the vascular system. Emphasis is placed on intra/extra-cranial vessels as well as vessels of the upper and lower extremity arterial and venous systems. Doppler, Bernoulli’s Principle, Poiseuille’s Law and relative statistics complete this course of study. | 8.0 | 120 | 24 |
| **Vascular Sonography Laboratory - VAS201L**  
Students learn with a hands-on approach to perform ultrasound on cerebral carotids and vessels of the upper and lower extremity both arterial and venous. Doppler waveforms and spectral analysis, as well as initial impressions are taught. ABI’s, blood pressure, and intima medial thickness are explained. | 6.0 | 120 | 0 |
| **Abdominal Ultrasound Lecture - ABD202**  
In lecture students are introduced to anatomy, physiology and pathophysiology of the abdominal soft tissue structures. Additionally, students will appreciate the sonographic appearance of the visceral organs and vasculature, as well as the thyroid, testes and breast. | 8.0 | 120 | 24 |
| **Abdominal Ultrasound Laboratory - ABD202L**  
Students will learn and demonstrate scanning protocols for the abdominal organs and vasculature in the on-campus laboratory. Emphasis is placed on basic patient evaluation, care, and preliminary reporting. | 6.0 | 120 | 0 |
| **Obstetrics and Gynecology Lecture - OBG203**  
Students will be introduced to anatomy, physiology and ultrasound images of the female reproductive system. Special emphasis will be placed on recognizing normal and abnormal anatomy of the uterus, | 8.0 | 120 | 24 |
ovaries, fallopian tubes and adnexa. In the obstetrical portion, students will be exposed to the trimesters, normal and abnormal fetal development, the placenta, fetal presentation, and fetal biometry.

**Obstetrics and Gynecology Laboratory - OBG203L**
Students will learn and demonstrate gynecology and obstetrical protocols, including biometry measurements and report writing. Limited obstetrical exams are performed on volunteers.

**Externship Preparation Laboratory - EPL210**
This class prepares seniors for Externship. It is designed to provide seniors time to practice and complete all ultrasound protocols. Seniors must successfully complete all protocols prior to externship.

**EXTERNSHIP**
Clock hours: 960 Quarter Credit Hours: 32
2 quarters of enrollment

Prerequisites: Successful completion and passing of all didactic and clinical/laboratory coursework, including all protocol competencies.

### EXTERNSHIP MODULE: COURSE DESCRIPTION

<table>
<thead>
<tr>
<th>EXTERNSHIP</th>

</thead>
<tbody>
<tr>
<td>Externship A - EXT300A</td>
<td>16</td>
<td>0</td>
</tr>
<tr>
<td>Externship B - EXT300B</td>
<td>16</td>
<td>0</td>
</tr>
</tbody>
</table>

Externship involves the direct interaction of the student within a specific medical environment. The student is assigned to a hospital, imaging center, clinic, or other environment in which ultrasound is performed on patients. Students observe and, when allowed by a supervisor, may perform a portion of the exam. This module serves to assist the student in making a successful transition from the school environment to a clinical setting. Students will write reports, present findings, and further explore pathologies.

**PROGRAM OBJECTIVES**
Graduates of the AAS Diagnostic Medical Sonography program will:

1. Demonstrate a commitment to the field of sonography, including:
   - Vascular sonography
   - Abdominal sonography
   - Gynecology-Obstetrics
2. Effectively express oneself in written and oral communication.
3. Demonstrate problem-solving techniques in the basic concepts and principles of physical science.
4. Demonstrate entry level clinical knowledge, skills, and attitudes in the care of patients undergoing ultrasound procedures.
5. Demonstrate a commitment to ethics and professionalism.
6. Be prepared to sit for registry exams.
7. Obtain an entry level position as an ultrasound technologist.
8. Develop skills for lifelong learning.

In clinical settings, students will learn and perform a wide variety of MRI studies under the supervision of a registered MRI technologist during this module. The 1000 hour long externship is divided into A and B sections. During the first 250 hours of Section A, students will develop the skills necessary to effectively communicate with administrative staff members and departments, such as scheduling departments, admissions office, billing departments, medical records departments, and eventually the reading and reporting staff, such as Radiologists and Radiology Assistants. The second part of Section A will consist of highly supervised patient interviews, screening, preparation, positioning, and scanning, along with table settings, parameter selection, sequence optimization, protocol application. Beginning in Section B, students will be able to start and complete full procedures, and toward the end of their externship, students will utilize their remaining hours to take part in different type of studies, such as abnormal cases, and will gain more experience in neuroimaging, body imaging, and MSK imaging.

Upon the successful completion of their externship, students will be able to perform and complete all general MRI exams without assistance. They will also have gained experience in patient care, critical thinking, front desk procedures, and other soft skills throughout their clinical externship.

Program Objectives
Graduates of the Magnetic Resonance Imaging Program will:

- Demonstrate a commitment to the field of Magnetic Resonance Imaging
- Demonstrate knowledge of basic medical sciences, English, math, and behavioral health.
- Demonstrate entry level clinical knowledge, skills, and attitudes in the care of patients undergoing magnetic resonance imaging procedures.
- Demonstrate a commitment to ethics and professionalism.
- Demonstrate the skills necessary for an entry level position as an MRI Technologist.

<td>Students will study acquired heart diseases, cardiomyopathies, pulmonary hypertension, heart transplants, cardiac masses, and ECMO. Additionally, students will learn to perform evaluations on post-operative patients following the surgical repair of congenital heart defects. Students will be introduced to cardiac catheterization evaluation of congenital heart defects. An ARDMS review for pediatric echosonography will be provided. The clinical/laboratory portion of the course continues to build on skills from previous modules, and students receive an orientation for their clinical externship detailing the responsibilities of sonographers and legal and medical ethics.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Program Objectives
Graduates of the Pediatric Cardiac Ultrasound and congenital Heart Disease program will:
- Demonstrate a commitment to the field of Pediatric Cardiac Ultrasound.
- Demonstrate entry level clinical knowledge, skills, and attitudes in the care of pediatric and adult patients with congenital and acquired cardiac defects.
• Demonstrate critical thinking skills and technological skills to meet the needs of a changing, culturally diverse society.
• Demonstrate a commitment to ethics and professionalism.
• Demonstrate the skills necessary for an entry level position as a Pediatric Sonographer.
PEDIATRIC CARDIAC ULTRASOUND AND CONGENITAL HEART DISEASE (DIPLOMA) – ONTARIO CAMPUS

Credential Awarded
Diploma

Prerequisite: Must be a formally trained Cardiovascular Sonographer.

Coursework Requirements
3 Quarters / 760 Clock Hours / 46.5 Quarter Credit Hours / Monday-Thursday or Saturday-Sunday

<td><strong>LEVEL 1:</strong> Students learn the fundamentals of nursing and will be introduced to basic physical assessment, nursing ethics and conduct, critical thinking, cultural congruency of nursing care, nursing anatomy and physiology, nutrition, and end-of-life care. Students attend lectures, clinical skills labs, and clinical rotations.</td>
<td>308</td>
<td>16</td>
</tr>
<tr>
<td><strong>LEVEL 2:</strong> Students focus on the areas of medical and surgical nursing. Students study topics that progress from Level 1 to a more advanced level and are introduced to Pharmacology, Nutrition and patient education. Students attend lectures, clinical skills labs, and have clinical rotations.</td>
<td>308</td>
<td>16</td>
</tr>
<tr>
<td><strong>LEVEL 3:</strong> Students continue to study advanced medical-surgical nursing and also study communicable diseases and nutrition. Students attend lectures, clinical skills labs, and have clinical rotations.</td>
<td>308</td>
<td>16</td>
</tr>
<tr>
<td><strong>LEVEL 4:</strong> Students focus on growth and development across the lifespan, as well as maternity and pediatric nursing. The student continues to build on previous levels of training. Students attend lectures, clinical skills labs, and have clinical experiences.</td>
<td>308</td>
<td>16</td>
</tr>
<tr>
<td><strong>LEVEL 5:</strong> Students will study psychology, gerontology, and rehabilitative nursing. The development of leadership skills will be emphasized, as well as the administrative aspects of nursing.</td>
<td>304</td>
<td>15.5</td>
</tr>
</tbody>
</table>

Note: In all levels NCLEX-PN review will be integrated with lectures using ATI materials.
Program Objectives
Graduates of the Vocational Nursing program will:

- Demonstrate knowledge of basic medical sciences, anatomy, physiology and medical terminology.
- Demonstrate entry-level clinical knowledge, skills, and professional performance in the nursing care of patients, nursing assessment and patient communication.
- Demonstrate critical thinking skills and technological skills to meet the nursing needs of a changing, culturally-diverse society.
- Know and demonstrate a commitment to ethics, professionalism and critical thinking skills.
- Be prepared to take the California State NCLEX-PN exam for Vocational Nurses.
- Develop leadership and administrative skills to enter the Nursing field as a new graduate in the Health Care industry.
- All students in the Vocational Nursing Program receive a laptop computer and an Assessment Technology Incorporated (ATI) tutorial to assist the student in passing the NCLEX-PN board examination. This is used throughout the course of the program as a private tutorial for all students and increases the student’s pass rate for the NCLEX-PN Licensure.
## WEEKDAY CLASSES

### Winter Quarter 2016
- **Holiday:** Friday, January 1 (New Year’s Day) **CLOSED**
- **Class Begins:** Monday, January 4
- **Holiday:** Monday, January 18 (Martin Luther King Day) **CLOSED**
- **Class Ends:** Monday, March 28
- **Winter Break:** March 29-April 3

### Spring Quarter 2016
- **Class Begins:** Monday, April 4
- **Holiday:** Monday, May 30 (Memorial Day) **CLOSED**
- **Class Ends:** Monday, June 27
- **Spring Break:** June 28-July 3

### Summer Quarter 2016
- **Holiday:** Monday, July 4 (Independence Day) **CLOSED**
- **Class Begins:** Tuesday, July 5
- **Holiday:** Monday, September 5 (Labor Day) **CLOSED**
- **Class Ends:** Tuesday, September 27
- **Summer Break:** September 28-October 2

### Fall Quarter 2016
- **Class Begins:** Monday, October 3
- **Veterans Day:** Friday, November 11 (Veteran’s Day) **CLOSED**
- **Holiday:** Thursday, Friday November 24, 25 (Thanksgiving) **CLOSED**
- **Class Ends:** Friday, December 23
- **Fall Break:** December 24-January 1, 2017

2016 ACADEMIC CALENDAR

WEEKEND CLASSES

Winter Quarter 2016
Holiday: Friday, January 1
Class Begins: Saturday, January 2
Class Ends: Sunday, March 20
Winter Break: March 21-March 31

Spring Quarter 2016
Class Begins: Friday, April 1
Class Ends: Sunday, June 19
Spring Break: June 20-June 30

Summer Quarter 2016
Class Begins: Friday, July 1
Class Ends: Sunday, September 18
Summer Break: September 19-September 29

Fall Quarter 2016
Class Begins: Friday, September 30
Class Ends: Sunday, December 18
Fall Break: December 19-January 1
